

This listing represents my late father's lifetime collection of country music CDs, vinyl, DVDs/VHS and books, with an emphasis on 'blue grass'. My family have decided that as this collection is no longer being listened to, we will sell what we can so that other people can enjoy it as he did. If you would like to purchase any of the items listed, please get it touch by email, listing the item (s) you are interested in. I will respond with a price, taking into account condition and quantity of items requested. Once payment is received (by cheque or bank transfer), items will be despatched. Items will be allocated on a first come, first served basis. However, any items that are more valuable collectables or receive substantial interest will be auctioned to the highest bidder. This will be advised when you register your interest. Please email liz.g.steel@gmail.com
